

Gregory Smith
Intellectual Property Qualifications

Greg Smith regularly assists clients by providing rigorous financial and economic analyses relating to licensing programs and the valuation of intellectual property. He conducts these analyses both within and outside the context of litigation. Mr. Smith has performed such studies of technologies from a wide range of industries, including computers, telecommunications, healthcare, automotive, and retail and consumer products. Mr. Smith is a Certified Public Accountant, a Chartered Global Management Accountant, a Master Analyst in Financial Forensics, and holds an MBA with a concentration in finance.
